Agency specific objectives and performance

Agency objectives	Indicators	Performance
Better Services	When SACAT commences a new application type, the processes are assessed to ensure that the procedure is as straightforward and user friendly as possible. Provides adaptable and responsive application processes as part of jurisdictional expansion systems.
Lower costs	SACAT provides efficient dispute resolution services, and waives fees in circumstances where applicants have financial need or where it is in the interests of justice.	Swift and fair processing and decision making for fee waivers and fee reductions.
To be accessible and to be responsive to parties.	SACAT provides improved digital information and processes to support increasing stakeholder demand for remote accessibility.	Provides improved digital services through enhancements to the Tribunal’s online information and case management system.
To be flexible in the way in which the Tribunal conducts its business.	Adapt to the needs of the general public.	Provides visits to protected persons in hospitals and residential care to enable participation in hearings that would otherwise not be possible.

<p>To ensure applications are processed as quickly as possible while achieving a just outcome.</p>	<p>Listing times are identified for each application type while addressing needs for procedural fairness.</p>	<p>Uses sessional member workforce to ensure SACAT is able to list a matter when needed while assessing urgency to ensure fairness.</p> <p>SACAT has responded to increasing application numbers in some jurisdictions, while maintaining a focus on listing times and procedural fairness.</p>
